

Sanocare®

ACE

Artemia Condition Enhancer
Water conditioner for improved *Artemia* quality

Sanocare® ACE

- Increases the quality and vitality of hatched, concentrated and stored *Artemia* nauplii
- Improves water quality
- Conditions *Artemia* enrichment
- Stabilizes pH
- Avoids foaming off of *Artemia* during hatching, enrichment and storage

USE

Sanocare® ACE can be used under different applications: in the hatching and enrichment tanks, the Concentrator/Rinser and the storage tanks.

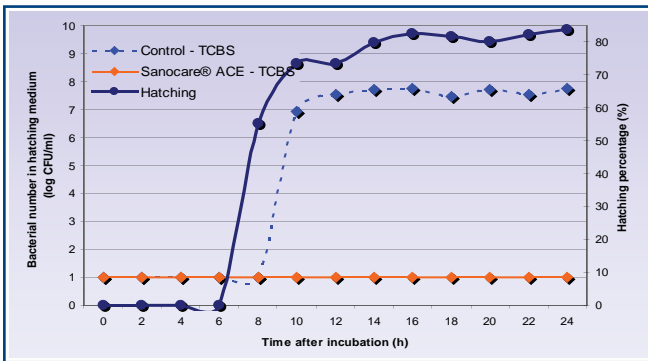

- Clean and disinfect tanks, airstones, tubing etc... before use;
- Shake **Sanocare® ACE** well before use;
- Blend **Sanocare® ACE** with water (up to 300 ml/l);
- Add **Sanocare® ACE** at 500-700 ml/m³ in the hatching water, 600-750 ml/m³ in the enrichment tanks (300 npl/ml vs 600 npl/ml), 3 ml/l in the Concentrator/Rinser and 0,3 ml/l in the storage tank, respectively;
- Rinse the concentrated nauplii well before further use or treatment.

(1 ml = 1,3 g **Sanocare® ACE**)

DATA

QUALITY IMPROVEMENT DURING HATCHING & ENRICHMENT

Improved water quality during hatching

No foaming off

Stabilized pH

The use of **Sanocare® ACE** keeps the pH at optimal levels during hatching and enrichment.

Reduced oxygen supply

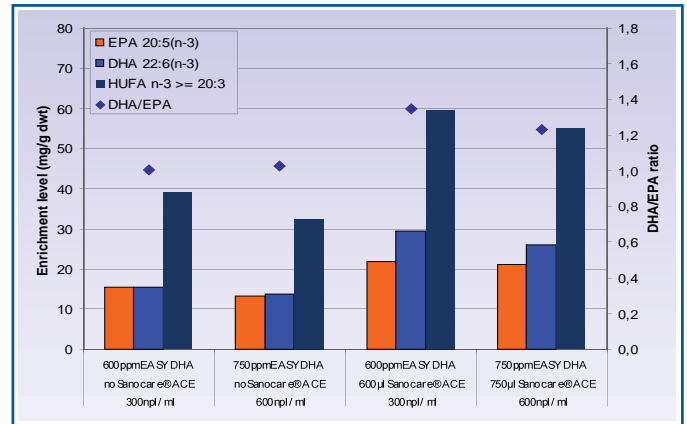

Through the use of **Sanocare® ACE**, more oxygen is available for the nauplii in the hatching tank so that oxygen supply can be significantly reduced.

Increased nauplii survival & activity

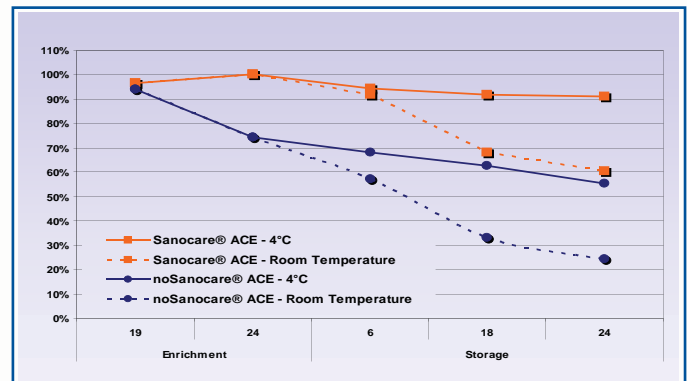

Increased enrichment levels

Using **Sanocare® ACE**, a remarkable increase (up to 20 mg/g dwt) of (n-3) HUFA levels is obtained, and a 10 to 30% higher DHA/EPA ratio.

QUALITY IMPROVEMENT OF STORED NAUPLII

The DHA/EPA ratio of *Artemia* nauplii enriched in combination with **Sanocare® ACE** is 30% higher. Even more, during cold storage, the DHA/EPA ratio of the nauplii enriched in combination with **Sanocare® ACE** is almost not affected.

PACKAGING AND STORAGE

Sanocare® ACE is packed in 8 x 2 kg containers.

Sanocare® ACE has a shelf life of 12 months from date of manufacture. The product should be stored in a cool and dark place. Do not freeze.

Health Product Range:

The HEALTH DIVISION of INVE AQUACULTURE specifically delivers (cost)-effective solutions for optimal health management, leading to lower risk of diseases during production.
